

# Weathermaster Beardless

**SCOTT**  
SEED CO.

## Characteristics

Beardless

---

Average Yield

---

Excellent Forage Production

---

Excellent Stalk Strength

---

## Weathermaster

Weathermaster is the dependable winter grazer. An early-medium maturing beardless winter wheat, it is also reliably versatile. Weathermaster is a functional solution for: fall forage, bailing, grain production, and ground cover. Weathermaster is a time-tested and versatile awnless winter wheat.
